

Gas Network Upgrade – Bredhurst Road Gillingham

April 2023

We are writing to give you an update about our project to upgrade our old metal gas mains and services with new plastic pipe in the Bredhurst Road area of Gillingham. This essential work will ensure your community continues to receive a safe and reliable gas supply.

Following consultation with Medway Council, our contractor, WCB Utilities will be starting work on 3rd April.

Due to the position of the pipes in the road, and to ensure the safety of everyone around our worksite we will need to close some of the roads around our works area.

Phase 1 – From 3rd April until 17th April

- Drewery Drive – from the junction with Maidstone Road to the junction of Carvoran Way.
- Maidstone Road – at the junction with Drewery Drive
- St Margaret’s Drive – at the junction with Drewery Drive.

Phase 2 – From 1st May for approximately 7 Weeks.

- Bredhurst Road – full length of road
- Drewery Drive – at the junction with Bredhurst Road.

While the roads are closed, there will be signed diversion routes in place and access will be maintained for residents and businesses.

We understand that people can get frustrated by roadworks, and therefore we only use traffic management that we feel is efficient enough to complete these works safely for ourselves and the public.

We’re writing to residents and other local stakeholders to make them aware of our project and explain the details of our work. Please feel free to also share this information with anyone you think may be impacted by our project.
